feet

Phonics Activities

What is phonics Screening?

All Year 1 children across the country will take part in a phonics screening check.

This will take place during the week beginning 6th June 2022 this year.

The Phonics Screening Check is designed to confirm whether individual children have learnt sufficient phonic decoding and blending skills to an appropriate standard.

The Phonics Screening check consists of 40 words covering phase 2-5.

The list of words are a combination of 20 real words and 20 pseudo words (nonsense or Alien words).

Pesudo words are included because they are new to all pupils; they do not favour children with good vocabulary knowledge or visual memory of words

thankful

What happens on the day?

Each child will sit one to one and read each word aloud to myself (Mrs Peel).

All children are different therefore there is no time limit and each child will complete the task at their own pace.

Reporting to Parents

You will receive your child's results by the end of the summer term.

This will confirm if your child has met the standard threshold.

Any children who do not achieve the expected standard will retake the check in Year 2.

How can you help your child at home?

Regular reading.

Sharing books together.

play games such as noughts and crosses or bingo.

Word search and/or hunts.

Writing words with chalk/ large paper and pens/ paint/play dough.

Top marks- free electronic games for laptops, tablets and phones.
